

## Registration Terms

Coral Club is a community of like-minded people who, by choosing the Company's products, choose positive changes. A healthy lifestyle is the style of our community, and Coral Club is a place where you can meet people who share the values of health, beauty, and personal development.

You can join the club by recommendation — by invitation from a club member. The recommender is your guide to the products and your gateway to the business opportunities that Coral Club offers to consumers and distributors. If any of your family members (spouses in both registered and unregistered relationships who share a household; parents; children; siblings) is already a club member, you should indicate them as your recommender.

If you register in the club independently, without a recommender, use the automatic consultant selection system. Depending on your location, the service will select a consultant who will help you navigate the product range, guide you through comprehensive programs, and answer all questions related to product use or interaction with the company. The processing of personal data when using the service is carried out in accordance with Regulation (EU) 2016/679 (GDPR), in particular Art. 6(1)(b) and 6(1)(f) GDPR.

### **Why join the club?**

Club members receive a permanent 20% discount on all Coral Club products and other brand lines, as well as access to seasonal special offers and promotions, the opportunity to receive cashback, free training, and participation in wellness events organized by the company. It is important to understand that by registering with Coral Club, you become a participant in a discount program (as in any store when registering a discount card) and do not become an employee, officer, or legal representative of Coral Club. The terms of participation are governed by the applicable civil law of the Republic of Latvia, including the Civil Law of the Republic of Latvia (Civillikums).

In our relations with club members, we adhere to the principles of maximum transparency and honesty. Please review the rules for club members and comply with them to ensure that your experience with the company is comfortable and positive. Commercial practices comply with the requirements of consumer protection and unfair commercial practice legislation of the Republic of Latvia (including the Consumer Rights Protection Law (Patērētāju tiesību aizsardzības likums) and the Unfair Commercial Practices Prohibition Law (Negodīgas komercprakses aizlieguma likums)).
